Evaluations of Animals less than 12 months of age can be performed for private use of the owner. However, certification will not be possible at this age.

OFA recommends that the test be repeated when the animal reaches 12 months of age.

Test: PATELLA

Results: The results of the examination submitted to OFA indicate that no evidence of patellar luxation was recognized.

Sincerely,

G.G. KELLER, DVM, MS, DACVR  
CHIEF OF VETERINARY SERVICES
